Dear Property Owner:

RE: Public Information Meeting  
NW 54<sup>th</sup> Court Improvements Project  
From NW 57<sup>th</sup> Avenue to NW 60<sup>th</sup> Avenue

To continue the efforts started with the East of Merle Hay Road Public Involvement planning project, the City of Johnston is beginning the design of the NW 54<sup>th</sup> Court Improvements. The intent of this project is to reconstruct NW 54<sup>th</sup> Court from NW 57<sup>th</sup> Avenue to NW 60<sup>th</sup> Avenue in 2018.

The initial design phase of this project consists of collecting existing information and surveying the project area adjacent to NW 54<sup>th</sup> Court. A search for existing property pins is included. Foth Infrastructure conducted these surveys over the last few weeks. More data may be collected and Foth's vehicles will be clearly marked with their company name. Please contact us if you have any questions or concerns.

The first public information meeting for this project will be held on **Tuesday, June 21, 2016 from 5:30-7:00 PM in the Johnston City Hall Council Chambers**. The intent of this meeting is to start a dialogue with the surrounding property owners on issues from your perspective that may exist in the corridor. The design team and representatives from the City will be present to listen and gather your input so that it may be incorporated into the design process.

As the design advances, you will be notified of future public information meetings that will be held so that more detailed information can be shared and the full scope and timing of the project can be presented to you. The public information meetings will provide a great opportunity to exchange information and address any specific questions you may have about the project.

I can be contacted with any questions you may have. I may be reached by telephone at 515.278.0822, or by email at [dcubit@cityofjohnston.com](mailto:dcubit@cityofjohnston.com). Additionally, Amy Quartell with Foth Infrastructure is the project manager for this project. She may be reached by telephone at 515.254.1393, or by email at [amy.quartell@foth.com](mailto:amy.quartell@foth.com), and is also available to answer any questions you may have. Feel free to visit [www.cityofjohnston.com/projects](http://www.cityofjohnston.com/projects) for frequently updated information on all city projects. Thank you for your cooperation.

Sincerely,  
City of Johnston

Dave Cubit  
Public Works Director
